II. Race Classes

- a. A race class must have ranked a minimum of 50 competitors in the preceding season's Adult Championship Points Standings. Classes may be combined within a competition Type to meet this requirement. For example, 3 Dog, 2 Dog & 1 Dog Skijoring (Type) may be combined to meet the eligibility requirement to hold one National Championship Skijoring race. The actual class size to be held shall be determined by the event producing organization, shall be one of the 'combined' class sizes and shall be specified in the event proposal.

Proposals may be submitted by qualified race producing organizations at any time. Proposals shall follow, but not be limited to, the information outlined in Addendum A.

The ISDRA Board of Directors shall review all proposals received and shall award National Championship location rights for a period of one to three years with each successive year's rights dependent upon the successful completion of the prior event. Cancellation due to weather or acts of god shall not prejudice the location rights and, at the discretion of the board, may be cause for extension of location rights for an additional year.

Upon awarding location rights, a Funding Phase Agreement (FPA) shall be executed by the Board of Directors and the event producing organization. Addendum B provides an outline of stipulations for the FPA.

Upon expiration of the FPA, an Event Contract (EC) between ISDRA and the race producing organization will be executed if committed sponsors, the race producing organization and ISDRA are in substantial agreement. The EC must be signed by the event producing organization and ISDRA within 15 days of the expiration of the FPA.

Upon the signing of the EC, media press releases will be issued and event promotion will begin through, but not limited to, ISDRA outlets.

Post Event Disclosure

Within 30 days following the event, the event organizers shall disclose in writing to the ISDRA Board of Directors the financial outcome of the event as well as analysis and recommendations for future events. In the event all financials are not available at that time, partial disclosure may be acceptable.
