ELIGIBILITY

ISDRA awards championship points to current ISDRA Members competing in ISDRA Sanctioned Races. Members eligible to earn points are Individual, Family, Life and Honorary members.

No Championship Points are awarded to non-members entered in the race, regardless of finish position. An ISDRA member does not move up in finish position or points when finishing below a non-member.

Points from a driver's four (4) highest point races in each class are totaled to determine the driver's ISDRA Standing for that class.

POINTS COMPUTATION

ISDRA members' points are based on the number of points assigned to each sanctioned race in each class division on a race by race basis.

The assigned points for an ISDRA Sanctioned Adult Speed Race are calculated as follows:

- a. The net ISDRA Championship points from the ISDRA Points Standings for the appropriate race class are summed for all entrants with greater than 100 net points. In the event an entrant does not have a standing from the previous season, they shall use their standing as of the Tuesday prior to the first full weekend of racing in February and use that standing through the remainder of the racing season.
- b. Drivers not meeting criterion a. shall each be counted as 100 points.
- c. The sum of a. and b. shall be divided by the class benchmark and then multiplied by .66.
- d. The total miles run shall be multiplied by 2 and added to c., not to exceed the class mileage cap.
- e. In the limited classes, the sum of c. and d. shall be multiplied by the day factor; .5 for a 1-day race, 1.0 for a 2-day race and 1.5 for a 3-day race.
- f. There will be one point for each \$100.00 of the purse, not to exceed the class purse cap.
- g. If the sum of d. and f. (unlimited class) or the sum of e. and f. (limited classes) is less than the floor value for a class, then the assigned points will be set to the floor value for that class.
- h. Class benchmarks, floor values and caps are set according to Table 1.
- i. Races that have been approved for sanctioning but are unable to meet the minimum mileage requirements must demonstrate a 'good faith' effort to receive points. For races meeting this test, points will be pro-rated for mileage under the required minimum but greater than 50% of the required trail length. No points will be awarded to a race with a trail length less than 50% of the required minimum.
Race organizers must, in a timely manner, inform and jointly review with ISDRA, all conditions and considerations pertaining to the race in question to meet the requirements of this clause.

The assigned points for an ISDRA Sanctioned Adult Distance or Mid-distance Race are calculated as follows:

- a. The net ISDRA Championship points from the ISDRA Points Standings for the appropriate race class are summed for all entrants with greater than 100 net points. In the event an entrant does not have standing from the previous season, they shall use their standing as of the Tuesday prior to the first full weekend of racing in February and use that standing through the remainder of the racing season.
- b. Drivers not meeting criterion a. shall each be counted as 100 points.
- c. The sum of a. and b. shall be divided by 20 (Distance Class) or 25 (Mid-Distance Class) and then multiplied by .66 (Distance Class) or .75 (Mid-Distance Class).

- d. The total miles run shall be added to c.
- e. For the Distance Class only, one point for each \$100.00 up to and including \$20,000.00 will be added to d., not to exceed 200 purse points. ¹
- f. If the result in e. is less than 125 for a Distance Class, then the assigned points will be set to 125. If the result in e. is less than 75 for a Mid-Distance Class, then the assigned points will be set to 75.
- g. Races that have been approved for sanctioning but are unable to meet the minimum mileage requirements must demonstrate a 'good faith' effort to receive points. For races meeting this test, points will be pro-rated for mileage under the required minimum but greater than 50% of the required trail length. No points will be awarded to a race with a trail length less than 50% of the required minimum.
Race organizers must, in a timely manner, inform and jointly review with ISDRA, all conditions and considerations pertaining to the race in question to meet the requirements of this clause.
- h. At the annual meeting, the board of directors will review the points system and make adjustments to class factors as deemed necessary and prudent to avoid or reduce excessive inflation or deflation of race point values. When appropriate, race points assigned to participants in a particular class may be adjusted to support class factor changes.

CHAMPIONSHIP POINTS AWARDS

Current members of ISDRA are awarded Championship Points based on their finish position and the assigned points for each race are awarded down to thirty (30) places.

MEDALS PROGRAM

Criteria for Medal Class qualification are as follows;

- a. At least six (6) sanctioned races per class, must take place in a single season.
- b. These sanctioned races must take place in two (2) countries and three (3) states or provinces.
- c. The minimum number of ranked competitors shall be at least twelve (12).
- d. To qualify for a medal in any class, a member must complete at least three races in that class.

If a sanctioned class race qualifies for Medal Status, the top three (3) contestants with the highest number of total points in that class for the season shall receive medals as follows:

1st Gold, 2nd Silver, 3rd Bronze

CERTIFICATE PROGRAM

CHAMPIONSHIP CERTIFICATES shall be awarded to the top three- (3) placers in each race class that does not qualify for medal status.

INTERNATIONAL CERTIFICATES shall be awarded to individuals earning championship points and placing 1st through 15th internationally in each medals class recognized by ISDRA.

¹ Only actual dollars paid are used in the points formula. Any additional merchandise prizes are not counted.
